Cloud Computing Per  
Applicazioni Web -  
wareyugez.fdns

Cloud computing can  
also support remote  
web hosting. The  
definition of cloud  
computing services  
involves the  
connection of clients  
to vendors through

# Online Library

## Cloud

wireless or IP connected networks. In cloud computing, a client sends data to a vendor through an abstract network trajectory called "the cloud."

What is the difference between cloud computing and web hosti

The public cloud is

# Online Library Cloud

defined as computing services offered by third-party providers over the public Internet, making them available to anyone who wants to use or purchase them. They may be free of charge or sold on demand, allowing customers to only pay per usage for the CPU cycles,

# Online Library

## Cloud

storage or bandwidth they consume.

Public Cloud –
