Anyway, the book was too simplistic for anyone who has a fair amount of stress.

Nothing new and nothing exciting. I mean you could find yoga, breathing exercise and such online. Just search stress relief and you will find what this book offers.

The book was an old library book and quite used, but the seller was up front about it. I have several of the "for dummies" books and love the layout. I am missing the yellow repositioning tabs in this book though, they are really helpful. Read more. Helpful. Comment Report abuse. SettlingIn. 5.0 out of 5 stars Midwest Reader.

I'm not a big fan on the "Dummies" series, but this one is excellent. Less patronising and straining to be fun and friendly than most of them. The author offers a very wide range of ways to approach relaxation, recognising that different things work for different people. The CD is also good - he has a very gentle calming voice.
